M. I. A. DAY FRIDAY

Spanish Fork People Will Treat Mutual Improvement Workers To a Good Time

Tomorrow (Friday) all the Mutual Improvement workers of the Nebo Stake will hold their annual gathering here.

In the morning a meeting will be held at the City Pavilion, at which the main features will be two debates. The young ladies will debate the question "Resolved, that practical education is better than theoretical." The young men will debate the question "Resolved, that every great man is largely the product of the age."

Exhibitions of cooking and needle work will be shown. At 12:30 p. m. a contest will be held between the most hearty eaters. Contestants must furnish their own eatables, however.

In the afternoon track and field sports, consisting of five races, three jumps and the shot put, will be held on the race track, including a base ball game between the juniors of Payson and Spanish Fork.

In the evening dances will be given both Pavilions.

Base Ball Meeting

Monday evening the management of the base ball team called together the business men of town to consult with them in regard to the financial side of the base ball question.

The boys find it necessary to hire a catcher and a catcher in order to complete their lineup, and the business men have decided to back them up financially.

A board of directors was appointed to look after the gathering of finances for this proposition. The board consists of C. H. Tuckett, Chairman; J. Greer, Nathaniel Ludlow, Ole Johnson, Hyrum Christensen and Joseph Wren.

Notice

There will be a meeting of the stockholders of the Voltaire Mining and Smelting Company, held in the City Hall, Spanish Fork City, on Saturday, May 14, 1910, at 8 p. m., for the election of officers and the transaction of such other business that may properly come before the meeting.

ALLY A MOONLIGHT SONATA

Queen's Beautiful Music Company posed Under the Rays of the Queen of Night.

A story runs that Beethoven's light sonata—always so called—came to any of his works—was played on an occasion when he had been playing to some stranger folk by walking with a friend he heard in a humble house some playing with much feeling a bit of his sonatas. He paused to listen in a moment the music ceased and he spoke longingly of her wish for some really good concert. The story is so appealing that the composer stepped without hesitation to the door and knocked. Admitted to the room, he said: "I will play for you," and played wonderful the lamp burned out. Then the moonlight filling the room he improvised—the mysterious breathing of the beginning wonderful sonata, then the elflike second part and the close.

Hospitals.

Only hospitals in antiquity were for the sick and soldiers. The rise of the hospital is wrapped in mystery, but doubt they are the product of civilization. It is pretty certain that hospitals arose out of the homes for travelers and the like. The institution is clearly of origin. About 270 A. D. the famous hospital of St. Augustine speaks of it as being quite new in his time. In 524 Pope Symmachus wrote in Rome. In the sixth century there was a very large one in the fact, about this time they all over the pale of Christendom. Chicago Examiner.

LAWHORN GIVEN

FINE AND JAIL

SENTENCE

Ralph Lawhorn was sentenced to 25 days in the Provo City jail and fined \$100.00 for giving liquor to juveniles, by Judge Noon at 10 o'clock Saturday morning. The two girls in the case were put on probation and will report to the Juvenile court regularly until dismissed. The story, as told by the girls and corroborated by Lawhorn when the hearing came up Friday morning, was that Lawhorn and Ray Scott went to Spanish Fork and found a dive, where they purchased six bottles of beer and some whiskey. Lawhorn went after the girls and Scott took care of the liquor until the return, then three of them proceeded to empty the bottles, when they arrived at Provo only one bottle of beer remained. This they proceeded to drink, and upon this bottle complaint was filed.

Other matters came up and the boy's record heretofore went against him, and before sentencing him the judge gave the boy a very severe lecture and showed what would become of him if he continued along the course started. Provo Post

CHILD DROWNED

AT THISTLE

On Tuesday last the 3-year-old daughter of Mr. and Mrs. Bert Cramer fell into the Spanish Fork river at Thistle Junction about noon and was drowned. The child's mother, in attempting to save her child, also was nearly drowned, but succeeded in reaching the bank in safety. Just with great difficulty. The body of the child was sent to Salt Lake Wednesday, where the funeral services and burial will take place.

Bert Cramer, the child's father, is a well known engineer on the Denver & Rio Grande railroad. He was injured some time ago and is now in one of the hospitals in Salt Lake.

Little Girl Laid to Rest

Funeral services over the remains of Mary, the eight year old daughter of Alvin and Hannah Cramer, were held last Sunday at the Island Church, Bishop H. Koyle officiating.

Numerous friends and relatives were present to sympathize with those who were called to mourn. The floral offerings were most beautiful, while the officers of the ward had done much to beautify the church. Many primary children were in attendance and sang the most pleasing song, "Jesus Once Was a Little Child." Brothers W. A. Jones and Ed. M. Rowe spoke encouragingly on the hope of the resurrection of the dead. Bishop Koyle a few closing remarks speaking of the good standing of Brother and Sister Cramer in the ward.

We are informed that Mary had been sick for some four years due to heart trouble being caused by a severe attack of Scarlet fever. During all her sickness she was always cheerful, gentle and loving. Her favorite expression was "I am better today, mamma." We feel that by her suffering she has earned a great reward.

CARD OF THANKS

To the friends who came to us in our hour of trouble, and contributed all that human kindness could suggest, to help and comfort, we return most heartfelt thanks, and although such devoted friendship cannot remove the sad memories that linger around our vacant chair, it brings into view the brightest side of humanity, and throws the pure light of an unselfish friendship into a darkened home. May the day be far distant when those friends who gathered around us will need similar attention, but when the time comes may they receive the same full measure of generous aid and tender sympathy they brought to our home when death was an inmate there.

He raised security for his appearance Wednesday and was released. Wednesday he was arraigned on the above named count and also on the charge of selling beer to Ralph Lawhorn last Saturday. He put up a large bond for his appearance Friday.

A pleasant surprise awaited the audience who greeted the play "Comrades" at the opera house Saturday and Monday evenings. Usually home plays are not appreciated, but from start to finish this was a decided hit. Mr. Robertson deserves praise for his work along this line and is certainly an actor of rare ability. Taylor Thurber, Fern Lewis, Mark Lewis, LaRone Hughes, Burl Angos and Bliss Lewis completed the cast and they deserve credit for their interpretation of character and the spirited way in which they held the audience. It is to be hoped that this will not be their last appearance and that success will meet them in their future efforts.

Case After Case

Plenty More Like This in Spanish Fork. Scores of Spanish Fork people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Mrs. Fannie Nielsen, Second ward, Spanish Fork, Utah, says: "Since I publicly expressed my opinion of Doan's Kidney Pills some two years ago, I have taken them occasionally and they have always proven of benefit. Some years ago when living in Trinidad, Colorado, I suffered intensely from kidney complaint. The pain in my back and kidneys was so severe as to make me perfectly helpless and for some time I was confined to my bed. The kidney secretions were often profuse and then again the flow was scant and distressing. To say that I was miserable but mildly expresses the suffering I endured. A neighbor finally advised a trial of Doan's Kidney Pills and a box was procured for me. Great improvement followed their use and two boxes effected a cure. When I moved to Spanish Fork, I had another attack of kidney complaint, but I immediately got a box of Doan's Kidney Pills at Larson's drug store and they gave me the desired relief."
